

32nd IUA WORLD CONGRESS

► **CARTAGENA, COLOMBIA** ◀

HYATT REGENCY CARTAGENA

March 25th - 28th

2026

Academic Program

Plenary Hall: Regency Ballroom- 10th Floor

March 25th 2026

REGISTRATION AND OFFICIAL OPENING

TIME	SUBJECT	SPEAKER
7:00 – 9:00	On Site Registration	
9:00– 9:15	Welcome Address and Official Opening	Armando Mansilha (IUA President)- Jorge Ulloa (IUA President Elect)
	Opening	Hector Jimenez (President of Asovascular)
9:20 – 9:25	History of IUA	Pier Luigi Antignani (ITA)

March 25th 2026

PERIPHERAL ARTERIAL SESSION

TIME	SUBJECT	SPEAKER
SVS SESSION		 Moderators: Armando Mansilha, Ana Maria Botero, John Garcia, and Luis Leon
9:30 – 9:45	Exploring the Micro- and Macro-Vascular Effects of the Use of Vaping as a Stop-Smoking Aid for Chronic Adult Smokers Wishing to Stop Smoking	Markos Klonizakis (GBR)
9:45 – 10:00	Arterial Thoracic Outlet Syndrome	Julie A. Freischlag (USA)
10:00 – 10:15	Challenging BTK Complexity: Orbital Atherectomy and DRS	Jeison Peñuela (CHL)
10:15 – 10:30	Acute Limb Ischaemia: Management Guidelines	Vincent Riambau (ESP)
10:30 – 10:45	Q&A Session	
10:45 – 11:00	COFFEE BREAK	
11:00 – 12:00	PRIME SPEAKER SESSION 1: Sustainability, The Future Is Now	María Paula Duque Samper (COL) Moderators: Hector Jimenez, Jorge Ulloa, and Armando Mansilha
12:00 – 13:20	LUNCH SYMPOSIUM: OM PHARMA	
12:00 – 12:05	What's New about CVD and Microangiopathies?	Co-chair: Hector Jimenez and Jorge Ulloa
12:05 – 12:25	Chronic Venous Disease and its Complications: What's New	Ana Cristina Montenegro (COL)
12:25 – 12:45	Endothelium as Crossroads across Vascular Beds	Marcelo Moraes (BRA)
12:45 – 13:05	Microvascular Dysfunction in Diabetes: from Diagnostic to Treatment	Juan Rosas Guzman (MEX)
13:05 – 13:20	Q&A Session	
PERIPHERAL ARTERIAL SESSION		 Moderators: Angela Rodríguez, Jorge Azuero, Camilo Espinel, and Carolina Guzman
13:20 – 13:35	Ozempic for Peripheral Arterial Disease	Ana Cristina Montenegro (COL)
13:35 – 13:50	Hybrid Recanalization of Superior Mesenteric Artery Occlusion in Mesenteric Ischemia	Luis Leon (USA)
13:50 – 14:05	Surgical Management of Common Femoral Artery Atherosclerotic Disease	Luis Leon (USA)
14:05 – 14:12	Endovascular Therapy vs. Open Surgical Repair in Lower Extremity Traumatic Arterial Injuries: Systematic Review and Meta-Analysis	Fernando Eli Olvera Camacho (MEX)
14:12 – 14:19	Acute Mesenteric Ischemia: Endovascular Therapy vs. Open Surgery - Meta-Analysis of Mortality and Functional Outcomes	Fernando Eli Olvera Camacho (MEX)
14:19 – 14:26	Critical Limb Ischemia with Amputation Threat: Endovascular-First versus Surgery-First Strategy	Fernando Eli Olvera Camacho (MEX)
14:26 – 14:33	Extracranial carotid artery aneurysms: a 23-year single-center experience	Yulia Mota (UKR)
14:33 – 14:53	Q&A Session	
19:00- 20:30	WELCOME COCKTAIL	
	Amacagua Restaurant - 12th floor	
20:30 – 23:00	Industry-sponsored dinners (by invitation only)	

TIME	SUBJECT	SPEAKER
07:00	Breakfast	
AMERICAN VENOUS FORUM SESSION		 Moderators: Carlos Simkin, and Pedro Komlos
07:00 – 07:07	Complications of Venous Stents	Peter Glovacki (USA)
07:07 – 07:14	Top Publications and Trends from JVS-VL	Ruth Bush (USA)
07:14 – 07:21	Venous Leg Ulcers Re-visited	Rashad Bishara (EGY)
07:21 – 07:28	Calcium Dobesilate in Patients with Diabetic Nephropathy and Chronic Venous Disease. Prospective Real-World Study	Juan Rosas (MEX)
07:28 – 07:35	Endovenous Ablation for Venous Leg Ulcers: Cochrane Review	Joseph D. Raffetto (USA)
07:35 – 07:45	From Clots to Clear: Initial Clinical Experience with a Novel Thrombectomy Device (part 1)	Pete Stibbs (USA)
07:45 – 07:55	From Clots to Clear: Initial Clinical Experience with a Novel Thrombectomy Device (part 2)	Pete Stibbs (USA)
FORUM VENOSO LATINOAMERICANO SESSION		 Moderators: Andres Marin, Pedro Komlos, Carlos Simkin, and Oscar Bottini
07:55 – 08:02	A novel endovascular thermal ablation technique for pelvic venous disorders via basilic vein access: A prospective descriptive study	Luis Moreno (COL)
08:02 – 08:09	Transdermal 1064 nm Laser for the Treatment of Facial Telangiectasias	Carlos Eduardo de Freitas Jorge (BRA)
08:09 – 08:16	Foam in the Treatment of Vascular Malformations	Pedro Komlos (BRA)
08:16 – 08:23	Laser in Small Saphenous Vein: Making the Difficult Easy	Carlos Simkin (ARG)
08:23 – 08:30	Chemical Sclerotherapy: 10 Suggestions to Avoid Complications	Pedro Komlos (BRA)
08:30 – 08:37	French technique Gachet for Sclerotherapy	Francisco Reis Bastos (BRA)
08:37 – 08:44	Intelligent Compression: When Evidence Translates into Clinical Outcomes	Tatiana Godos (ECU)
08:44 – 08:51	Venous Pelvic Leaks and Foam Sclerotherapy	Francisco Reis Bastos (BRA)
08:51 – 08:58	Nonthrombotic Iliac Vein Obstruction Endovascular Management	Jesus Porras (CRI)
08:58 – 09:05	Implementation of International Consensus in the Management of Chronic Venous Disease	Oscar Bottini (ARG)
09:05 – 09:20	Q&A Session	
INTERNACIONAL UNION OF ANGIOLOGY SESSION		 Armando Mansilha, Sasha Kjaeva, and Cristina Vitale
09:20 – 09:27	The Future of Inter-Societal Collaboration in Venous Disease	Armando Mansilha (PRT)
09:27 – 09:34	Sclerotherapy and Laser Therapy: Vascular Precision for Superior Outcomes	Lina Vargas (USA)
09:34 – 09:41	How to Perform and Avoid Complications with Transdermal Laser in Treatment of Reticular Veins and Telangiectasias	Carlos Carvalho (BRA)
09:41 – 09:48	Vascular and Aesthetic Surgery: The Hybrid Model Transforming Modern Practice	Lina Vargas (USA)
09:48 – 09:55	Vascular Laser: The Technology that Enhances Clinical Results and Multiplies Opportunities in your Practice	Carlos Eduardo de Freitas Jorge (BRA)
09:55 – 10:02	The Role of Echocardiography in Detecting Pulmonary Hypertension in Vascular Patients with Deep Vein Thrombosis	Sasha Kjaeva (MKD)
10:02 – 10:12	Management of Post-Thrombotic Syndrome	Ana Botero (COL)
10:12 – 10:19	Paget-Schroetter: A Thrombosis Syndrome in the Young Patient – Case Report	Sasha Kjaeva (MKD)
10:19 – 10:26	Approach to Iliofemoral Venous Obstruction: Evidence and Experience with Dedicated Stents	Carolina Guzman (COL)
10:26 – 10:41	Q&A Session	
10:41 – 11:00	COFFEE BREAK	
11:00 – 12:00	PRIME SPEAKER SESSION 2: Burnout in Angiology	Laura Camacho McKenzie (COL) Moderates: Jorge Ulloa, Armando Mansilha, and Jaime Camacho
LUNCH SYMPOSIUM: SERVICER		
12:00-13:00	Bridging Cardiovascular and Venous Expertise: Collaborative Strategies for Optimal Outcomes	Chairs: Jorge Ulloa (COL) and Bernardo Barros (BRA) Armando Mansilha (PRT) and Cristina Vitale (ITA)
SOCIEDAD CENTROAMERICANA Y DEL CARIBE SESSION		 SOCIVECC Moderators: Andres Marin, Andres Dominguez, Flora Ibarra, and Jesus Porras
13:00 – 13:07	Chronic Iliofemoral Venous Obstruction. Why Should We Recanalize Flow?	Andres Marin (DOM)
13:07 – 13:14	Complicated post-thrombotic syndrome: tips and tricks in a challenging case.	Flora Ibarra (PAN)
13:14 – 13:21	B Legs Technique: A New Option in the Treatment of Reticular Veins with Transdermal Laser	Carlos Carvalho (BRA)
13:21 – 13:28	Thromboprophylaxis in great saphenous vein ablation: yes or no?	Thais Rengifo (PAN)
13:28 – 13:35	Update in the Prevention and Management of Venous Thromboembolic Disease	Nayuri Chacon (PAN)
13:35 – 13:42	Standardization to Improve Treatment: Intelligent Automation of Venous Doppler and Its Impact on Clinical Decision-Making	Juan Carlos Gomez (COL)
13:42 – 13:49	Selective interaction with integration of vascular laser and sclerotherapy	Carlos Eduardo de Freitas Jorge (BRA)
13:49 – 14:00	The Importance of Breathing During Exercise: Applied Venous Physiology	Rebeca Reachi (MEX)
14:00 – 14:10	Q&A Session	
14:10 – 14:17	Hypovitaminosis D and chronic venous disease: systematic review of associations between serum 25-hydroxyvitamin D and venous phenotypes	Sarah Perez (COL)
14:17 – 14:24	Operational feasibility of an AI-assisted documentation tool during community vascular screening: patient flow and note characteristics	Antonia Taborda (COL)
14:24 – 14:31	Impact of Superficial Venous Interventions on Patient-Reported Outcomes and Quality of Life	Sergio Arias (COL)
14:31 – 14:38	A low-cost, simulation-based vascular education bootcamp in Latin America: feasibility and participant en	Isabela Romero (COL)
14:38 – 14:45	When the Scalpel Turns Too Heavy	Heinz Hiller (COL)
VEIN & LYMPHATIC UNIVERSITY SESSION		 Vein & Lymphatic University
14:45 – 14:52	What is Vein & Lymphatic University?	Lowell S. Kabnick (USA)
14:52 – 14:59	Insight of VLU in the Future	Victor Canata (PRY)
15:00	ASOVASCULAR ORDINARY GENERAL ASSEMBLY (ASOVASCULAR Members Only)	
17:30- 20:30	IUA Presidential Invitational Dinner <small>Private event – attendance by invitation only</small>	
19:00	Industry-sponsored dinners (by invitation only)	

March 27th 2026

AORTA SESSION

TIME	SUBJECT	SPEAKER
7:00	Breakfast	
SESSION 1		Moderators: Vladimir Baron, Edison Peña , and Manuel Pabon
7:00 – 7:15	Hostile Necks: EVAR, FEVAR, BEVAR, ChEVAR	Mariano Ferreira (ARG)
7:15 – 7:30	Hypogastric Artery Preservation: BEVAR, FEVAR, Reimplantation	Mariano Ferreira (ARG)
7:30 – 7:45	Preservation of the internal iliac artery in endovascular treatment of aortoiliac aneurysms	Mariano Castelli (ARG)
7:45– 8:00	Use of IVUS in endovascular aortic repair	Mariano Castelli (ARG)
8:00 – 8:15	EVAR Patient Selection & Decision-Making: Indications, Anatomical Suitability, Elderly Patients, Hostile Necks, and AAA Surveillance	Germano Melissano (ITA)
8:15 – 8:30	Q&A session	
SESSION 2		Moderators: Juan P. Carbonell, Fernando Mejia, and Jaime Camacho
08:30 – 08:45	Open Surgical Conversion of EVAR Without Removal of the Proximal Aortic and Distal Iliac Stents Is a Safe and Effective Alternative When the Sac Keeps Growing	Germano Melissano (ITA)
08:45 – 09:00	Outcomes of the Endovascular Repair of Thoracoabdominal Aortic Aneurysms: The Contribution of the United States Aortic Research Consortium.	Carlos Timaran (USA)
09:00 – 09:15	Results of Hybrid Arch Surgery in 400 Cases, at 3 Italian Centers.	Germano Melissano (ITA)
09:15 – 09:30	Acute/Subacute Type B Aortic Dissection: Indications for Treatment and Fate of the False Lumen	Germano Melissano (ITA)
09:30 – 09:45	Results of the STABILISE Technique for the Treatment of Acute and Subacute Type B Aortic	Germano Melissano (ITA)
9:45 – 10:00	Q&A session	
10:00 – 10:15	Coffee Break	

March 27th 2026

INNOVATION IN AORTIC PROCEDURES

SESSION 3		Moderators: Juan Barrera, Felipe Tobar, and Jorge Marquez
10:15 – 10:30	Artificial Intelligence to Avoid Improvisation in Complex Aortic Cases	Jeison Peñuela (CHL)
10:30 – 10:45	PMEG and FT-VR as the Standard of Action	Jeison Peñuela (CHL)
10:45 – 11:00	Advances in Radiation Reduction Imaging Strategies for Complex Endovascular Repairs (FORS LumiGuide, IVUS, Fusion, Digital Zooming)	Carlos Timaran (USA)
11:00 – 11:15	Unmet Needs in Endovascular Aortic Repair: Towards True Consolidation	Vincent Riambau (ESP)
11:15 – 11:30	AI practical approach for daily practice in Aortic Repair	Niño Mosquera (ESP)
11:30 – 11:45	Reducing invasivity: transracial technique in Complex EVAR	Niño Mosquera (ESP)
11:45– 11:55	Q&A session	
11:55 – 12:00	World Adherence Day	Hector Jimenez (COL), Armando Mansilha (PRT), Jorge Ulloa (COL), and Andres Marin (DOM)
LUNCH SYMPOSIUM: MICROPORT		
12:00 – 13:00	Comprehensive Aortic Treatment and New Solutions	Niño Mosquera (ESP)
13:00 – 13:15	PRIME SPEAKER SESSION 3: IA Plenary Lecture	Hector Jimenez (COL)
13:15 – 13:25	Abdominal Vascular Trauma – Combat Experience of Single Military Surgeon in Ukraine	Taras Kobza (UKR)

March 27th 2026

CAROTID SESSION

SESSION 4		Moderators: Manuel Hosman, Ernesto Fajardo, Leonardo Randial, and Camilo Espinel
13:25 – 13:40	Complications in TCAR	Luis Leon (USA)
13:40 – 13:55	Why TCAR?	Luis Leon (USA)
13:55 – 14:10	Is Carotid Endarterectomy (CEA) an "Extinct" Procedure?	Mariano Ferreira (ARG)
14:10 – 14:25	Neurological Complications Associated with Endovascular Aortic Repair	Mariano Ferreira (ARG)
14:25 – 14:35	Q&A session	
14:35 – 14:42	Multicenter Development and Validation of an artificial Intelligence Platform for Automated Detection of Descending Thoracic and Thoracoabdominal Aortic aneurysms on angio-CT	Hernando Enrique Thorne Velez (COL)
14:42 – 14:49	Predictors of Intraoperative and Postoperative Hypotension After Elective Abdominal Aortic Aneurysm Repair and Association With One-year Survival	Alejandro Velandia (COL)
14:49 – 14:56	Care Timelines and Outcomes in Ruptured Abdominal Aortic Aneurysm: A Referral-center Experience in Colombia	Jose Ordoñez (COL)
14:56 – 15:10	Benefits of Alcohol Consumption on the Cardiovascular System	David Rodriguez (COL)
15:10 – 15:30	MEDIVARIC AWARD – Best Research Paper Ceremony	
15:10 – 15:20	Introductory Remarks	Jairo Cubillos (CEO, MediVaric)
15:20 – 15:30	Award Presentation and Recognition	Hector Jimenez (President of Asovascular), and Jorge Ulloa (IUA President Elect)
19:00- 22:00	FACULTY DINNER By invitation only	
	IUA Presidential Handover Ceremony	
	Restaurante Kokau- 11th floor	

March 28th 2026

CULTURAL AND NETWORKING ACTIVITY

Cultural Visit and Guided Heritage Tour at San Felipe de Barajas Fortress– UNESCO World Heritage Site

TIME	ACTIVITY
9:00	Meeting Point & Departure from Hyatt Regency Hotel
9:30	Arrival & Heritage Welcome
9:30 – 10:30	Guided Heritage Walk through the Fortress
10:30 – 10:45	Photo Opportunity at the Cartagena City Walls
10:45 – 11:00	Local Crafts & Souvenir Experience
11:00 – 11:30	Return Transfer to Hyatt Regency Hotel

32nd IUA WORLD CONGRESS

ACADEMIC ACTIVITIES	March 25th	March 26th	March 27th
Lunch Symposium	OM PHARMA	SERVIER	MICROPORT
Hands on 1 - Galeón 2 Room	BOSTON SCIENTIFIC	VYDENCE	GORE GBARCO
Hands on 2- Galeón 1 Room	JAM SESSION	ARGON RP MÉDICAS	
Hands on 3- Navio Room	REGISTRATION	TERUMO	TERUMO

32nd IUA WORLD CONGRESS

March 25th 2026

JAM SESSION

Room Galeon 1- 10th Floor

SESSION 1	Moderators: Juan Muñoz, Douglas Caceres, Pedro Komlos, and Carlos Simkin		
TIME	SUBJECT	PRESENTING AUTHOR	INSTITUTIONAL AFFILIATION
8:07 – 08:14	Acute Popliteal Artery Thrombosis in a High-Risk Patient With Atrial Fibrillation and Post-Poliomyelitis Paraplegia: A Case Report	Sasha Kjaeva (MKD)	University Clinic of Cardiology, Skopje
08:15 – 08:22	A Novel Endovascular Thermal Ablation Technique for Pelvic Venous Disorders via Basilic Vein Access: A Prospective Descriptive Study	Carlos Gutierrez (COL)	Universidad El Bosque
08:23 – 08:30	Comprehensive Endovascular Management of Wunderlich Syndrome and Aorto-Iliac Aneurysms: A Complex Case Report	Nicolas Sanchez (COL)	Hospital Los Cobos Medical Center
08:31 – 08:38	Clinical Versatility of a Self-Expanding Cell-Impermeable Covered Nitinol Stent: Successful Applications in Complex Vascular Pathologies Beyond Its Original Design	Hernando Thome (COL)	Universidad de Antioquia
08:39 – 08:46	Classification of Capillary Damage in Patients With Type 2 Diabetes Mellitus: Clinical Parameters Obtained Through Capillaroscopy. Cross-Sectional Study	Luis Flota (MEX)	Cedime Instituto Vascular
08:47 – 08:54	Open Repair of Infectious Native Infrarenal Aortitis Using a NAIS-Based Bovine Pericardial Reconstruction: A Case Series	Franklin Burbano (COL)	Universidad El Bosque – Clínica Colombia
08:55 – 09:02	Successful Limb Salvage After 24 Hours of Ischemia in Combined Arteriovenous Penetrating Trauma: A Case Report of Modern Vascular Trauma Management	Fernando Olvera (MEX)	General Hospital of Queretaro
09:03 – 09:10	Peripheral Artery Disease as an Independent Predictor of Carotid Atherosclerosis in Patients With Confirmed Coronary Artery Disease	Sasha Kjaeva (MKD)	University Clinic of Cardiology, Skopje
09:11 – 09:18	Secondary Neurological Complications to Carotid Tumor Resection Surgery	Alvaro Martinez (COL)	Universidad del Rosario
09:19 – 09:26	Foam-Based Venous Occlusion: Historical and International Terminology, a Review	Alvaro Martínez (COL)	Universidad del Rosario

32nd IUVA WORLD CONGRESS

March 25th 2026

JAM SESSION

Room Galeon 1- 10th Floor

SESSION 2	Moderators: Felipe Cabrera, Felipe Tobar, Carlos Carvalho, and Rebeca Reachí		
09:27 – 09:34	Retrospective Multicenter Validation of the Olvera Peripheral Vascular Injury Salvage Score (OPVISS): A Contemporary Tool for Amputation Prediction in Peripheral Vascular Trauma	Fernando Olvera (MEX)	General Hospital of Queretaro
09:35 – 09:42	Endovascular Aorto-Caval Occlusion in Blunt and Penetrating Trauma: Report of Two Successful Clinical Cases	María Fernandez (COL)	Fundación Valle del Lili
09:43 – 09:50	Artificial Intelligence-Powered Predictive Model for Post-Thrombotic Syndrome: Integrated Analysis of Molecular Biomarkers, Advanced Imaging, and Deep Learning Algorithms	Fernando Olvera (MEX)	General Hospital of Queretaro
09:51 – 09:58	Exploring the Link Between Post-Thrombotic Syndrome and Depression: A Narrative Review on Current Evidence	Paula Huertas (COL)	Universidad de los Andes
09:59 – 10:06	Post - thrombotic syndrome and depression link.	Paula Huertas (COL)	Universidad de los Andes
10:07 – 10:14	A Progressive Simulation-Based Curriculum for Open Vascular Surgery: Feasibility and Preliminary Performance Signal in a Randomized Pilot	Valeria Sanabria (COL)	Universidad del Rosario
10:15 – 10:22	In Situ Reconstruction With Cryopreserved Arterial Allografts for Aortoenteric Fistula Secondary to Infected Aortic Grafts: A Single-Center Experience	Aileen Cuesta (COL)	Universidad de Antioquia
10:23 – 10:30	Endovascular Management of Superior Vena Cava Syndrome: A Case Series From a Vascular Surgery Referral Center in Southern Colombia	Leidy Urueña (COL)	Universidad Surcolombiana
10:31 – 10:38	Artificial Intelligence Applications in Chronic Venous Insufficiency: Current Evidence and Future Perspectives	Isabella Romero (COL)	Universidad de los Andes
10:39 – 10:46	Tumescent-Free 1950-nm Laser Endoluminal Occlusion With HIFU for Superficial Venous Disease	Paula Huertas (COL)	Universidad de los Andes
10:45 – 11:00	COFFEE BREAK		

32nd IUVA WORLD CONGRESS

March 25th 2026

JAM SESSION

Room Galeon 1- 10th Floor

SESSION 3	Moderators: Martha Correa, Juan Guillermo Barrera, Oscar Bottini, and Francisco Reis Bastos		
TIME	SUBJECT	PRESENTING AUTHOR	INSTITUTIONAL AFFILIATION
11:01 – 11:08	Effectiveness of Cold Atmospheric Plasma as an Adjunct Therapy for Chronic Venous Ulcers: A Case Series Evaluated via Digital Imaging and TIME Framework	Samuel Garcia (VEN)	Angios Instituto Vascular
11:09 – 11:16	Revascularization in Diabetic Foot Ulcer: Analysis of Wound Healing and Limb Salvage According to Technique (Endovascular vs. Bypass vs. Hybrid Approach)	Fernando Olvera (MEX)	General Hospital of Queretaro
11:17 – 11:24	Klippel-Trénaunay Syndrome: A Rare Condition With High Morbidity and a Practical Approach for the Vascular Surgeon	Karen Martinez (COL)	Fundación Universitaria de Ciencias de la Salud
11:25 – 11:32	Surgical Management of Tumors With Intravascular Extension to the Inferior Vena Cava: A Retrospective Single-Center Case Series	Jose Orjuela (COL)	Universidad Militar Nueva Granada – Clínica Colombia
11:33 – 11:40	Olvera Peripheral Vascular Injury Salvage Score (OPVISS): A Contemporary Decision-Making Tool for Limb Salvage Versus Amputation in Traumatic Peripheral Vascular Injuries	Fernando Olvera (MEX)	General Hospital of Queretaro
11:41 – 11:48	Saphenous Nerve Neuralgia as a Consequence of Varicose Vein Treatment.	Sarah Perez (COL)	Universidad de los Andes
11:49 – 11:56	Initial Institutional Experience With a Unibody Single-Branched Stent-Graft for Descending Aortic Pathologies Requiring Proximal Extension Into the Arch	Sergio Jaramillo (COL)	Residente de Cirugía Vascular, Universidad de Antioquia
11:57 – 12:04	An End-to-End, Low-Cost, AI-Assisted Digital Ecosystem to Optimize Workflow, Team Collaboration, and Clinical Efficiency in Vascular Practice	Juan Gomez (COL)	Clínica Medellín
12:05 – 12:12	Does Lower Limb Venography Still Have a Relevant Role in Post-Thrombotic Syndrome and Chronic Venous Ulcers?	Angela Rodriguez (COL)	Clínica Nogales, Clínica Colsubsidio, Hospital San José Centro y Compensar
12:12 – 13:00	LUNCH SYMPOSIUM		

32nd IUA WORLD CONGRESS

March 25th 2026

JAM SESSION

Room Galeon 1- 10th Floor

SESSION 4	Moderators: Jaime Camacho, Manuel Pabon, Nayuri Chacon, and Jesus Porras		
13:00 – 13:07	Incomplete Aortic Arch Diagnosed in an Asymptomatic Adult: A Case Report From Costa Rica	Natalia Perez (CRI)	Hospital San Juan de Dios, Caja Costarricense de Seguridad Social
13:08 – 13:15	Surgical Approaches to Internal Carotid Artery Aneurysms in Proximity to the Skull Base: A Report of Two Cases	Alberto Muñoz (COL)	Universidad Nacional de Colombia
13:16 – 13:23	Endovascular Management of External Iliac Vein Injury During Total Hip Arthroplasty: An Uncommon Vascular Complication	Carlos Gutierrez (COL)	Cobos Medical Center – Universidad El Bosque
13:24 – 13:31	Endovascular Management of Refractory High-Flow Priapism Using Supraselective Microcoil Embolization: Case Report and Technical Considerations	Nicolas Sanchez (COL)	Hospital Los Cobos Medical Center
13:32 – 13:39	Results of the Clinical Treatment of Deep Vein Thrombosis in a Tertiary Hospital: Comparison With the Endovascular Treatment Reported in the Literature	Quenia Montero (DOM)	Hospital Regional Universitario José María Cabral y Báez
13:40 – 13:47	Vascular Injury Associated With Fractures Due to Limb Trauma	Carlos Bonilla (DOM)	Hospital Regional José María Cabral y Báez
13:48 – 13:55	Distraction-Based Intramedullary Implant to Promote Angiogenesis for "No-Option" CLTI Patients: Conceptual Framework and Engineering Feasibility	Santiago Sanchez (USA)	Johns Hopkins Center for Bioengineering Innovation and Design
13:56 – 14:03	Effects of Intermittent Fasting on Chronic Venous Insufficiency Related with Inflammation Mechanisms	Sarah Perez (COL)	Universidad de los Andes
14:04 – 14:11	Endovascular Management of Acute Aortic Syndrome With a Single-Branched Thoracic Endograft: Institutional Experience From a Tertiary Center in Southern Colombia	Pilar Rivera (COL)	Clínica Vascular de Bogotá
14:12 – 14:19	Open Posterior Approach Repair of a Giant Popliteal Artery Aneurysm Using a Dacron Graft: A Case Report	Leidy Urueña (COL)	Universidad Surcolombiana

32nd IUA WORLD CONGRESS

March 25th 2026

JAM SESSION

Room Galeon 1- 10th Floor

SESSION 5	Moderators: Ana Botero, Luis Nieto, Flora Ibarra, and Thais Rengifo		
14:20 – 14:27	Modified Ambulatory Conservative Haemodynamic Correction of Venous Insufficiency (CHIVA) for Venous Leg Ulcers: A Retrospective Case Series	Iris Luna (COL)	Clínica Vascular de Bogotá
14:28 – 14:35	Incidental Findings During Carotid Artery Sonography	Jan Pitha (CZE)	Institute for Clinical and Experimental Medicine
14:36 – 14:43	Diagnostic Accuracy of Plantar Acceleration Time to Classify the Severity of Peripheral Arterial Disease of the Lower Limbs in a High-Complexity Center in Bogota	Jorge Arieta (COL)	Residente Radiología e Imágenes Diagnósticas – Universidad Nacional de Colombia
14:44 – 14:51	Early Outcomes of Endovascular Repair Using an Iliac Branch Device: A Single-Center Descriptive Experience	Mauricio Palomino (COL)	Universidad del Rosario
14:52 – 14:59	MAC Index as a Predictive Factor of Major Amputation in Patients Undergoing Minor Amputation Secondary to Diabetic Foot	Fernando Olvera (MEX)	General Hospital of Queretaro
15:00 – 15:07	Predictors of In-Hospital Reintervention After Elective Open Infrarenal Abdominal Aortic Aneurysm Repair: A Machine-Learning Approach Using LASSO and Classification Trees	Luis Londoño (COL)	Universidad del Rosario
15:08 – 15:15	External Iliac Artery Endofibrosis: A Rare Condition. Report of Two Cases	Maryan Ruiz (COL)	Residente de Cirugía Vascular, Universidad de Antioquia
15:16 – 15:23	Surgical Treatment of Varicose Veins in Patients With Lipedema: What Is the Best Approach?	Carlos Jorge	
15:24 – 15:31	Management of Post-TEVAR Distal Stent Graft-Induced New Entry With a Patient-Specific Fenestrated Endograft in Complex Aortic Anatomy	Paula Huertas (COL)	Universidad de los Andes
15:32 – 15:39	Relationship of the Vascular System to Echocardiographic Parameters of HFpEF in a Population Sample of Women	Jan Pitha (CZE)	Institute for Clinical and Experimental Medicine
15:40 – 15:47	Validation of the POPSAVEIT Score in a Latin American Trauma Center	Camilo Salazar (COL)	Universidad Icesi
